

## SECTION 1: PRODUCT AND COMPANY IDENTIFICATION

**PRODUCT NAME: MICRO**

SDS# MICRO [5]

Trade Name: Micro  
 Formula: Mixture, proprietary  
 Manufacturer's name: Cutting Edge Solutions, LLC  
 1572 Hampton Way  
 Santa Rosa, CA 95402  
 Phone: 707-528-0522 Monday-Friday 8:00 a.m.-6:00 p.m PST, general  
 information  
 Fax: 707-528-0422

Poison Control: 1-800-222-1222

TDD: 1-800--972-3323

## SECTION 2: HAZARDS IDENTIFICATION

Routes of entry: Skin: √ Eye: √ Ingestion: √ Inhalation: √

EYE- May cause irritation, redness and pain to the eyes.

SKIN- May cause irritation and redness at the site of contact. May be harmful if absorbed through the skin.

INGESTION- May cause nausea, vomiting, diarrhea, and/or irritation of the digestive tract if swallowed.  
 May be harmful if swallowed.

INHALATION- May cause respiratory tract irritation if inhaled. May be harmful if inhaled.

Medical conditions or medications generally known to be aggravated by exposure to product: Not known.

Frequency and duration of exposure: Not known.

Effects of overexposure: Not known.

CARCINOGENECITY: NTP: Not listed. IARC: Not listed. NTP: Not listed.  
 OSHA: Not listed. AICGH: Not listed.

This product is not considered a hazardous material as defined in the California State Health and Safety Code, as defined by Section 25501, per the definition of "Hazardous Material." This product does not pose a significant present or potential hazard to human health and safety or to the environment if released into the workplace or environment. This product does not contain radioactive material.

## SECTION 3: COMPOSITION

Components	CAS No.
Sodium molybdate	Proprietary
Calcium Nitrate	Proprietary
Zinc Nitrate	Proprietary
Boric Acid	Proprietary
Calcium carbonate	Proprietary
Manganese EDTA	Proprietary
Iron EDDHA	Proprietary
Iron DPTA	Proprietary

#### SECTION 4: FIRST AID MEASURES

- EYES:** Immediately flush eyes with water for 15 minutes, occasionally lifting the upper and lower eyelids. Contact a physician.
- SKIN:** Wash areas of contact with soap and water for 15 minutes. Remove any contaminated clothing and footwear. If irritation continues consult a physician.
- INGESTION:** If swallowed do not induce vomiting. Wash out mouth with water. Never give any liquids by mouth to an unconscious person. Consult a physician immediately.
- INHALATION:** Move to fresh air. Obtain immediate medical attention if symptoms occur. If not breathing, give artificial respiration. If breathing is difficult, give oxygen.

Use proper hygiene practices when using this product (nitrile gloves, eye protection, NIOSH approved respirator if used as an aerosol).

Utilize protective clothing to minimize skin contact (apron, lab coat, long sleeved shirt, pants, no shorts, no cut T-shirts).

Wear closed-toed shoes (no sandals/flip-flops) when using product.

Keep hair pulled back and out of face/eye area when using product.

#### SECTION 5: FIRE FIGHTING MEASURES

- Flammable properties:** Typically not flammable.
- Extinguishing media:** Use suitable extinguishing media for the surrounding fire. CO<sub>2</sub>, dry chemical powder, foam. Caution: CO<sub>2</sub> will displace air in confined spaces and may cause an oxygen deficient atmosphere.
- Special firefighting procedures:** Not available.
- Unusual Fire and Explosion Hazards:** Not available.
- Protection of Firefighters:** Burn vapors may be irritating to eyes, skin, and the respiratory tract. Firefighters should utilize butyl rubber boots, self contained breathing apparatus (SCBE) and full fire fighting gear (Bunker gear).
- Stability:** Stable at room temperature.
- Incompatibility (materials to avoid):** Strong acids, oxidants, strong alkalines, strong reducing agents such as metal hydrides or alkali metals may generate hydrogen gas which could create a possible explosion hazard. Nitrogen oxides, ammonia and/or derivatives.
- Hazard decomposition or by products:** Decomposing plastic fumes from containers, carbon monoxide, carbon dioxide, oxides of sulfur, heavy metal fumes.
- Hazardous polymerization:** Not available.
- Conditions to avoid:** Do not store above 100° F as container may rupture.

*See SECTION 9: PHYSICAL AND CHEMICAL PROPERTIES for Flammable properties.*

## SECTION 6: ACCIDENTAL RELEASE MEASURES

Use personal protection recommended in Section 8.  
Contain and isolate any hazard area from unprotected personnel.

Spill response procedures: Absorb liquid spills with and absorbent; contain material and dispose of at an approved landfill in accordance with local, state, and federal regulations. Finish cleaning by spreading water on contaminated surfaces and dispose of in an approved landfill in accordance with local, state, and federal regulations.

Clean water act requirements: Not available

Resource Conservation and Recovery Act: Not available

## SECTION 7: HANDLING AND STORAGE

**Precautions:** Use with adequate ventilation. Keep container away from heat sources. Do not ingest. Do not breathe vapors. Do not pour on skin. If ingested, seek medical advice immediately and show the container or the label on the container.

**Storage:** Store out of direct sunlight. Store in a cool, dark place that is well ventilated. Keep container closed when not in use. Do not reuse containers.

## SECTION 8: EXPOSURE CONTROLS

**Engineering controls:** Use with local exhaust ventilation, or other engineering controls to keep airborne levels below exposure limits. If usage results in the generation of fume or mist, use adequate ventilation to keep exposure to airborne contaminants below exposure limits.

**Personal Protection:** Wear protective safety goggles (ANSI Z87.1 std), lab coat or apron, NIOSH particle respirator and nitrile gloves when handling.

**Respiratory protection:** Wear NIOSH approved particle respirators if applying as a mist or spray. Follow the OSHA respirator regulations found in 29 CFR 1910.134

**Ventilation:** Use with adequate ventilation.

**Protective gloves:** Use with Nitrile gloves. Latex gloves can cause allergies in susceptible individuals.

**Eye protection:** Use with safety glasses or goggles.

**Other protective clothing and equipment:** Protective clothing to minimize skin contact should be worn. Wear closed-toed shoes when using product. Keep hair pulled back and out of face/eye area when using. Wear long sleeve shirts, pants, and socks..

Wash thoroughly with soap and water after handling and before eating, drinking, or smoking.

Exposure limits:

	CAS No.	ACGIH/TWA	OSHA PEL/8 hrTWA
Sodium molybdate	Proprietary	Not established	Not established
Calcium Nitrate	Proprietary	Not established	Not established
Zinc Nitrate	Proprietary	Not established	Not established
Boric Acid	Proprietary	Not established	Not established
Calcium carbonate	Proprietary	Not established	Not established
Manganese EDTA	Proprietary	Not established	Not established
Iron EDDHA	Proprietary	Not established	Not established
Iron DPTA	Proprietary	Not established	Not established

## SECTION 9: PHYSICAL AND CHEMICAL PROPERTIES

Appearance and odor: Dark Red. Odor of metallic Iron.  
Boiling Point: Not available  
Solubility in Water: Soluble in water (w/w)  
Vapor pressure: Not available  
Melting Point: Not available  
Molecular Weight: unknown  
Specific Gravity: 1.31  
pH: 5.9  
Evaporation Rate: Not available  
Flash Point: Not available  
Flammable limits: **LEL:** Not available **UEL:** Not available

## SECTION 10: STABILITY AND REACTIVITY

Stability: The product is stable under normal conditions and pressures.  
Instability Temperature: Avoid freezing. [See section 5 Fire Fighting Measures, on container properties].  
Incompatibility with other substances: Strong acids, oxidants, strong alkalines, strong reducing agents such as metal hydrides or alkali metals may generate hydrogen gas which could create a possible explosion hazard. Nitrogen oxides, ammonia and/or derivatives.  
Hazardous decomposition products: Hazard decomposition or by products: Decomposing plastic fumes from containers, carbon monoxide, carbon dioxide, oxides of sulfur, heavy metal fumes,  
Hazardous polymerization: Not available.

## SECTION 11: TOXICOLOGICAL INFORMATION

Routes of entry: Skin. Eyes. Ingestion. Inhalation.  
Chronic effect on Humans: Not available  
Other toxic effects on humans: Hazardous in case of skin contact (irritant), of ingestion, of inhalation.

## SECTION 12: ECOLOGICAL INFORMATION

Ecotoxicity: Not available.  
BOD5 and COD: Not available.  
Products of Biodegradation: Not available.  
Not available.  
Heavy metals content: None. Information on heavy metals content and levels are available at <http://www.aapfco.org/metals.htm>

**CONTINUED ON NEXT PAGE**

### SECTION 13: DISPOSAL CONSIDERATIONS

Waste disposal: Waste must be disposed of in accordance with federal, state, and local environmental control regulations.

Recycling: Triple rinse container and recycle empty containers at appropriate recycling facilities in accordance with federal, state, and local environmental control regulations.

### SECTION 14: TRANSPORT INFORMATION

DOT Classification: Not a DOT controlled material in the United States of America.

IATA/IMO/RID/ADR: Not available, or not regulated.

Special provisions for transport: Keep containers closed and keep from freezing.  
Do not store above 100° F.

### SECTION 15: REGULATORY INFORMATION

Federal and State Regulations:

California Safe Drinking Water and Toxic Enforcement Act of 1986:

This product contains the following ingredients known to the State of California to cause birth defects, cancer, or other reproductive harm and require a warning under the statute: CAS# 10026-24-1

TSCA: None

SARA Title III Rules

Section 313 Toxic Chemicals: None

Section 302 EHS: None

International Regulations: This product is not currently sold outside the continental United States of America.

WHIMS: Not Applicable

EINECS: Not Applicable

METI: Not Applicable

KECL: Not Applicable

AICS: Not Applicable

### SECTION 16: OTHER INFORMATION

### Note to the reader

This Safety Data Sheet is applicable only to the material as packaged. This product contains chemicals and all chemicals may pose unknown hazards and should be used with utmost caution. The information and recommendations contained herein are represented to be in good faith, and believed to be as accurate as possible within the current version of this Safety Data Sheet (SDS). If this product is mixed with any other materials and/or chemicals, deteriorates, or becomes contaminated with microbiological or chemical agents, it may pose hazards not listed or discussed in this SDS. It is the end users responsibility to insure proper procedures are developed and adhered to when utilizing this product. This includes utilizing proper personal protection equipment, proper handling, and usage protocols based on the end users actual usage of the product. While his SDS is based on technical data determined to be accurate, and created in good faith, CES assumes no responsibility for the completeness or accuracy of the information contained herein. Cutting Edge Solutions, LLC (CES) makes no representation as to the completeness or accuracy of this SDS. In no event will CES or the seller be liable for consequential, incidental, special, exemplary, or indirect damages resulting from the use of this SDS.
